Several artists will be in attendance to sign the new book release.

Live body painting by Jim Mahfood. Interactive displays. With music by DJ R-Rated.

The new GRAFUCK art book features work by renowned artists such as:

James Jean
Audrey Kawasaki
Camilla d'Errico
Edwin Ushiro
Tessar Lo
Marguerite Sauvage
Neri
Sayaka

and over 75 other artists from across the globe from more than a dozen different countries.

Since October of 2004, Nucleus has strived to be a welcoming gathering place for the art loving community by offering quality art, art-related goods, and rarities. Focusing primarily on gallery exhibits, we have also had benefit auctions, product signings, music events, and artist lectures.

After three and a half years, we moved one block east to a much larger and more dynamic space. Still in the heart of quaint downtown Alhambra, we re-opened in March of 2008 with over 2000 square feet of open gallery space, 1000 square feet of shop/boutique, and over 3000 square feet of studio/production space.

Having exhibited both local artists and artists from abroad, and catering to an international customer base, we offer an extensive collection of original contemporary, illustrated, graphic, commercial, and narrative art. (All of which are carefully cataloged online in our website.)

Always open to the public, we welcome art collectors and the general public alike to visit us seven days a week.
