## FOR IMMEDIATE RELEASE

May 5, 2011

Gallery Nucleus presents

### ILLUSTRATED TYPE

May 14–June 6, 2011

Opening Reception: May 14, 7–11 pm

Los Angeles, CA—Gallery Nucleus is pleased to present an exhibit celebrating hand drawn letterforms and experimental typography.

We have invited just over 30 illustrators, graphic designers, sculptors, printmakers, and painters to interpret the alphabet, and are thrilled to showcase work at which art and design intersect. This collection explores how typography (even when reduced to a single letterform!) can be whimsical and bizarre, innovative and thought-provoking, and most importantly, downright fun!

***Since October of 2004,*** Nucleus has striven to be a welcoming gathering place for the art-loving community by offering quality art, art-related goods, and rarities. Focusing primarily on gallery exhibits, we have also held benefit auctions, product signings, music events, and artist lectures.

After three and a half years, we moved one block east to a much larger and more dynamic space. Still in the heart of quaint downtown Alhambra, we reopened in March of 2008 with over 2,000 square feet of open gallery space, 1,000 square feet of shop/boutique, and over 3,000 square feet of studio/production space.

Having exhibited both local artists and artists from abroad, and catering to an international customer base, we offer an extensive collection of original contemporary, illustrated, graphic, commercial, and narrative art. (All of which are carefully catalogued online on our website.)

Always open to the public, we welcome art collectors and the general public alike to visit us seven days a week.
