Alhambra, CA—Gallery Nucleus is pleased to present ZOMBIE IN LOVE, a book release and art exhibition showcasing paintings by Scott C.

Join us as we follow the lovable zombie, Mortimer, on his search for a date to the Cupid's Ball. He tries wooing girls with worm-infested chocolates, bloody human hearts, and stunning diamond rings (with fingers still intact), but nothing seems to impress the ladies. When Mortimer places an ad in the newspaper in the hopes of finding a sweetheart, will he finally meet the love of his afterlife?

Find out as Nucleus presents an exhibition of charming illustrations straight from Scott C's forthcoming children's book, *Zombie in Love*, written by bestselling author Kelly DiPucchio. The featured artwork from the book's pages, old favorites from Scott C's previous Nucleus shows, and copies of the book will all be available for purchase. The artist will be in attendance to greet fans and sign copies of the new release.

Since October of 2004, Nucleus has striven to be a welcoming gathering place for the art-loving community by offering quality art, art-related goods, and rarities. Focusing primarily on gallery exhibits, we have also held benefit auctions, product signings, music events, and artist lectures.

After three and a half years, we moved one block east to a much larger and more dynamic space. Still in the heart of quaint downtown Alhambra, we reopened in March of 2008 with over 2,000 square feet of open gallery space, 1,000 square feet of shop/boutique, and over 3,000 square feet of studio/production space.

Having exhibited both local artists and artists from abroad, and catering to an international customer base, we offer an extensive collection of original contemporary, illustrated, graphic, commercial, and narrative art. (All of which are carefully cataloged online on our website.)

Always open to the public, we welcome art collectors and the general public alike to visit us seven days a week.
